

Carga de datos en Turfview AD Partners

Cambio de estructura en Turfview

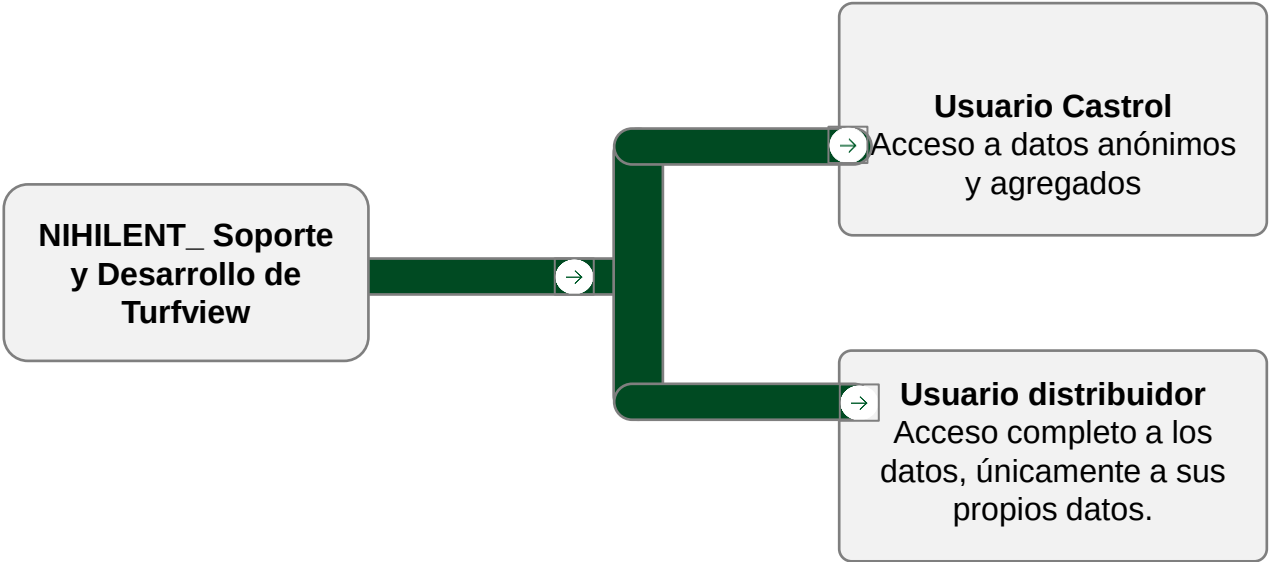

Escenario mixto previsto: con parte de los socios reportando de forma independiente

Cada socio envía los ficheros a AD PARTS central	Envío unificado de todos los ficheros en 1 único
	Acceso único a la información de Turfview desde la Central
	Acceso único al maestro de clientes desde la central para actualización de NIF y de la clasificación de los clientes

Cada socio envía sus datos	Cada socio es responsable de reportar sus datos a Turfview
	Cada socio actualiza sus datos maestros (ej. NIF para FASTCAN o corregir clasificación de clientes)
	Cada socio puede consultar sus datos y sacar sus informes

Ley de la competencia y Ley de Protección de Datos

De acuerdo con las normativas vigentes de la Ley de Competencia aplicables en Europa, Turfview aplica estrictas restricciones de acceso a los datos para los usuarios de Castrol.

Datos de cliente: Actualización NIF

2 Carga masiva Maestro de clientes

Datos maestros del cliente>
'Carga Manual de Datos
Maestros del Cliente (400)
Seleccionar Con datos y
descargar en Excel

Actualice la columna de NIF (VAT NUM) con el
número de NIF real junto con los detalles del cliente
(código de cliente, nombre del cliente, etc.).

Haga clic en la opción de carga masiva y verifique si hay errores. Si no
hay errores, cierre la ventana emergente y valide los cambios desde los
datos maestros del cliente.
